I slipped and fell while visiting my father's house. Six law firms I consulted refused to take my case. Hy Bergel not only took my case, he settled it for \$150,000.

- R. Cook - Orangeville

For years the insurance companies had denied my Motor Vehicle Accident claim. Finally, I hired Barry Edson who took my case to trial. My recovery was over \$350,000 - much more than I expected.

G. Gauci - Toronto

From the moment I arrived at the first interview, my injury case was handled in a professional, yet personalized way. The lawyers and their staff really did listen to me. I highly recommend the law firm of Bergel & Edson.
